

INVITATION:

Epilepsy Ontario and Epilepsy Durham Region invite you to join us for a special film screening event

On the Edge: Living with Epilepsy

A ground breaking documentary film by Louis Stanislaw

Epilepsy Ontario and Epilepsy Durham Region are proud to present the premiere screening of the documentary, *On the Edge: Living with Epilepsy* at the Abilities Centre, on June 25, 2014. The film screening will include a facilitated conversation with a medical clinician, an individual who lives with epilepsy and other notable guests followed by a reception.

See *On the Edge: Living with Epilepsy* and gain greater insights into the world of epilepsy and its impact on those who have the condition, their friends and families, and society. You will also understand why programs and services such as Epilepsy Durham Region's community-based client support, awareness and education programs and Epilepsy Ontario's provincial advocacy, awareness, and education services are so important.

Show your support. Together, we can, indeed we are, making a difference in improving the quality of life for people with epilepsy.
